*Sincerely,  
Jan Budenz*

**\*VERY IMPORTANT!**

*Schedule Vet appointment for vaccination/worming and recommended health care!  
Puppies are weaned with Diamond Naturals Small Breed Puppy Food. Dry food should be available at all times, and provide some of the dry mixed with warm water two times a day. Always have fresh water available for your puppy. The stress of travel and change of environment can be especially hard on a small puppy. If your puppy becomes lethargic or will not eat or drink put a small dab of the NutraCal or honey on your finger and either let the puppy lick it off or place it on their tongue. You should give the puppy about a quarter teaspoon.*

## Puppy Health Guarantee

- 1) Seller believes this puppy to be in good health at the time of sale and certifies that the Puppy described herein is up to date with all appropriate vaccinations for its age. All puppies are examined by a licensed veterinarian prior to going to their new homes. Seller will send with the puppy a complete health record containing vaccination and worming history.
- 2) For this guarantee to become effective, the Buyer must have their puppy examined by a licensed veterinarian within 72 hours after receiving the puppy. Failure to do so will void this health guarantee. If the veterinarian finds that said puppy is not in good health, they must state so in writing, detailing the findings. Buyer must notify Seller immediately within 96 hours of purchase. Seller has the right to have the dog re-examined by their own veterinarian. If the diagnosis is confirmed by seller's veterinarian, then buyer must return puppy to seller, and the entire purchase price will be refunded. Shipping costs will not be refunded.
- 3) Seller guarantees the puppy to be free from any life threatening genetic health fault for two years from date of birth. If puppy is transferred, sold, given to another party this guarantee is void. If a condition is found and proven in writing from a licensed veterinarian and substantiated by lab tests and x-rays, confirmed by Seller's veterinarian at buyer's expense, the puppy may then be returned, and the buyer shall receive the first available puppy of equal value. There are no cash refunds unless prior arrangements have been made with seller.
- 4) Seller must be notified immediately upon the onset of any health issue with the puppy. NOTE: minor breed related, treatable and correctable conditions are not covered. Buyer is responsible for all veterinary expenses incurred with said puppy along with transportation costs if it is returned.
- 5) All AKC papers, health records, and any other documentation must be returned with the puppy. Buyer is responsible for providing adequate shelter, proper diet, and necessary health care (including but not limited to follow-up vaccinations, worming, and heartworm preventative) and loving care for this guarantee to be valid.
- 6) Seller cannot in any way guarantee this puppy to be of show quality or that he/she will be able to breed.
- 7) Buyer shall not resell or give puppy without written consent of Budacious Puppies. We will make every effort to place puppy if Buyer for some reason can no longer provide care for it. Seller will reimburse Buyer a portion of proceeds from resale of puppy minus expenses incurred in the housing and reselling.
